Mutoh RJ dye and pigment

Description:

EMBLEM SPUMH is a heavy InkJet-paper with a chemical barrier coating to guard the paper from humidity. The special coating provides high brilliancy and rich colour gamut.

The medium is printable on bubble jet and piezo printers with dye-based and pigmented inks.

Even in the case of higher ink limits it shows an optimum lay-flat and short drying-time.

To avoid finger prints it is advisable to wear cotton gloves.
