Epson 10000 CF - Pigment
Epson 10600 - Pigment
Mimaki JV-Series - Pigment
Roland HiFiJet and CammJet Series - Pigment
Mutoh RJ-Series - Pigment

Description:

TFLO is an outdoor banner for inkjet prints that features favourable printing qualities.

The tearproofed outdoor material consists of 100% polyester.

Due to its weather resistance it is perfectly qualified for outdoor appliances.

By reasons of better handling TFLO has been laminated on a paper medium.

After printing on this medium 24 hours should pass before it can be hung out to make sure that the ink is dry and that the print becomes water proofed.

It is not necessary to remove excessive ink by washing.

To avoid fingerprints it is advisable to wear cotton gloves.

Typical Applications:

Decoration:	Shop Windows/ Backdrop
Textile Printing:	Flag/Hanging Banner
Trade Fair Building:	Banner
